The Times-Dispatch does not understand into the telephone business is exceptional as, for instance is the postal business, which is used practically by all taxpayers. It does not understand that the pecessity for lower rates is so great that the evils of government ownership must be endured that they may be made lower. It does not know of the grant benefits that would be derived.

The Mortgage Tax.

To the Editor of The Times-Dispatch:
Sir.—While the reduction of the tax on deposits is a thing to be desired, it will benefit the people generally very little, if any, without the reduction of abolition of the mortgage tax. In fact, it will benefit the country banks at the expense of borrowers. If I haint heard o' nobuddy who wants it stop living on account o' th' cost.
